

My Horse's Choice ~ Natural Equine Products

ENDURANCE D.R.O.™

ENDURANCE D.R.O.™ is an all-natural, environmentally safe **feed additive** that has been proven through extensive research to eliminate unpleasant odors including ammonia, sulfides and phenols.

ENDURANCE D.R.O.™ combines high-quality ingredients that are very palatable and nutritionally sound.

Benefits of ENDURANCE D.R.O.™:

- Controls formation of ammonia at the source.
- Easy-to-use pelleted feed additive.
- Creates a better environment to reduce the risk of health problems for horses and barn help alike.
- Works externally to reduce aerial ammonia and internally to minimize intestinal ammonia for better digestion.

Recognized by professionals as an essential tool for equine athletes.

Proven effective in real world performance application.

Quality and performance assurance from equine professionals.

**Used and Endorsed by
Charmayne James**
(11 Time World Champion Barrel Racer)

"With ENDURANCE D.R.O.™, my horses breathe cleaner air and show increased performance."
