

APPROVALS

Although every effort is made to print the most up-to-date information in the WPRN, some entry opening/closing dates will not be available, especially if the rodeo has not yet been fully approved. If a rodeo's entry opening information says TBA, you may call the WPRN Office at (719) 576-0900 for the most up to date information. Always verify slack dates and times when you make your entry as they change often and may be incorrectly listed in the WPRN based on the best information available at the time of publication.
